01

Hospital Blankets

Our hospital blankets are designed to provide reliable warmth, softness, and durability for patients in all clinical settings. With options in cotton, polyester, thermal, and fleece, these blankets are made to withstand frequent laundering while maintaining comfort and performance.

KEY FEATURES & BENEFITS

- **Soft, breathable fabrics** — cotton, poly/cotton blends and thermal options
- **Reinforced hemmed edges** — ensures durability and shape retention
- **Easy-care design** — machine washable and quick to dry
- **Healthcare ready** — ideal for patient rooms, ERs, and long-term care facilities

SPECIFICATIONS

BLANKET TYPES	Cotton, Thermal
USE CASE	Hospital

Custom sizing, colors & private-label options available on request.

02

Scrub Suits

Designed for healthcare professionals, our scrub suits deliver the perfect balance of comfort, durability, and functionality. Whether in a hospital, clinic, or surgical setting, these unisex scrubs are tailored to handle the demands of long shifts while maintaining a crisp, professional appearance.

KEY FEATURES & BENEFITS

- **Breathable fabric options** — 100% cotton or soft poly-cotton blends
- **Flexible fits** — unisex styles with elastic or drawstring waistbands
- **Easy-care finish** — wrinkle resistant and quick to wash and dry
- **Shift-ready design** — lightweight, durable, and built for extended wear
- **Complete sets** — matching tops and pants in multiple sizes and colors

SPECIFICATIONS

FEATURES	Round Neck, V Neck
SCRUB TYPES	Isolation Gowns, Scrub Pants, Scrub Shirts, Surgical Gowns, Warm Up Jackets
COLOR	Blue, Green, Navy
PATIENT GOWN TYPES	Pajama Pants, Pajama Shorts
USE CASE	Hospital

Custom sizing, colors & private-label options available on request.

03
Patient Gowns

Our patient gowns are crafted to provide ease of wear, modesty, and durability across a wide range of clinical settings. From standard gowns to bariatric, lapover, hyperbaric, and behavioral health styles, we offer solutions tailored to meet the diverse needs of hospitals, surgical centers, and long-term care facilities.

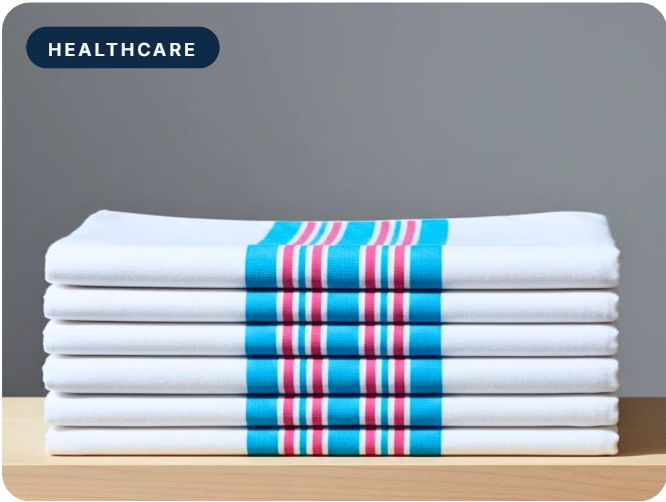

KEY FEATURES & BENEFITS

- **Durable fabric choices** — 55% cotton / 45% polyester, with 100% polyester
- **Inclusive sizing** — from L to 4XL, including bariatric-friendly fits
- **Practical design details** — easy tie closures, reinforced stitching, and secure fits
- **Department-friendly options** — color-coded prints for quick identification
- **Healthcare ready** — ideal for hospitals, surgical centers, and extended care

SPECIFICATIONS

USE CASE	Hospital

04

Baby Blankets For Newborn

Our hospital baby blankets are crafted to provide gentle warmth, softness, and security for newborns. Designed for medical settings, these blankets combine breathable fabrics with safe, hypoallergenic comfort, making them ideal for swaddling, nursery care, and everyday hospital use.

KEY FEATURES & BENEFITS

- **Soft flannel or knit fabrics** — gentle on delicate newborn skin
- **Lightweight & breathable** — ensures comfort without overheating
- **Hypoallergenic & fade-resistant** — safe, durable, and long-lasting
- **Easy care** — machine washable for frequent hospital use
- **Variety of styles** — available in classic hospital stripes and solid colors

SPECIFICATIONS

BABY BLANKET FEATURES	Pink and Blue Stripes
USE CASE	Hospital

Custom sizing, colors & private-label options available on request.

05
Flat Sheets For
Hospitals

Our flat sheets are engineered to deliver long-lasting strength, hygiene, and patient comfort in demanding clinical settings. Designed for efficiency and resilience, these sheets maintain a smooth, professional finish even after repeated industrial laundering, ensuring reliability shift after shift.

KEY FEATURES & BENEFITS

- **Premium breathable fabrics** — soft, comfortable, and skin-safe
- **Industrial-grade durability** — built to withstand frequent wash cycles
- **Wrinkle-resistant finish** — keeps beds looking neat and professional
- **Standard hospital sizing** — tailored to fit medical beds seamlessly
- **Easy to fold & handle** — streamlines housekeeping and bed turnover
- **Secure placement** — designed to stay in place during patient use

END-TO-END CAPABILITY

In-House Manufacturing

From raw yarn to finished, packaged linens — every stage is completed under one roof. This vertical integration gives us full control over quality, consistency, and lead times across our entire product range.

01

Weaving

Precision weaving on our latest Sulzer looms ensures strength, durability, and smooth finishes across all fabric lines.

02

Knitting

Specialized knitting techniques produce breathable, flexible fabrics for apparel and high-performance textiles.

03

Processing

State-of-the-art bleaching, dyeing, and finishing deliver hygienic, vibrant, and long-lasting fabrics for diverse industries.

04

Stitching

Expert stitching and tailoring convert fabrics into ready-to-use linens and apparel, finished with strict quality checks.

One Roof

Yarn sourcing, weaving, knitting, processing, stitching, and packaging — supported by dedicated quality-control labs and final inspection at every step.

QUALITY & COMPLIANCE

Certifications

Our processes and products are independently certified to internationally recognized standards for quality management, textile safety, and secure supply-chain compliance — assuring buyers of consistent, trustworthy manufacturing.

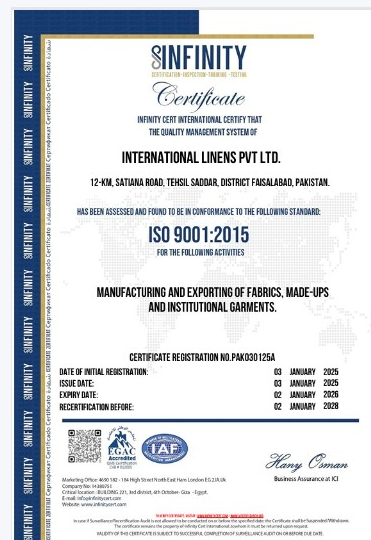

OEKO-TEX® Standard 100

Certified for human-ecological
safety of textiles
